Our Products

Organic, natural, and sustainable whenever possible—science-backed, hemp-derived, and thoughtfully crafted with care to support well-being in a way that's both effective and responsible.

Our People

Our people are our most valuable asset. Period. Their dedication, expertise, and passion for helping others are the foundation of everything we do. As healthcare professionals, we believe that quality, integrity, and education start with the people behind the products—those who pour their knowledge, care, and commitment into creating science-backed, hemp-derived solutions. When you choose us, you're not just choosing a product—you're choosing a team that truly cares.

Our Values

We envision a world where inclusivity isn't an afterthought—it's the standard. Where positivity spreads just as easily as negativity, and collaboration takes precedence over competition. We believe in leading by example, practicing integrity, and partnering with like-minded companies to create meaningful change. Sustainability isn't optional—it's essential. And through it all, we prove that work and fun don't have to be separate; they thrive together.

Our Promise

Quality, integrity, and education are at the heart of everything we do. As healthcare professionals, we've dedicated our lives to helping people feel their best, and that commitment is reflected in every product we create. If you're not satisfied, we'll always do our best to make it right—because your well-being is our priority.

As a Minnesota-based, women- and nurse-owned brand, we are deeply rooted in a holistic approach to health and well-being. Our values align with those seeking natural, science-backed solutions that nurture both body and mind. With care, integrity, and expertise, we're here to support your wellness journey. We want to hear from you.

Explore the Benefits of Topicals

Ceres Medical Topicals are thoughtfully crafted to provide effective, targeted relief. Trusted by healthcare professionals as a first-line choice, our topicals offer a natural, science-backed approach to wellness. Designed to work where you need them most, they provide relief directly to the skin and surrounding tissues—without the concerns of widespread systemic effects. Whether you're looking for a holistic alternative or a complement to your current routine, our topicals deliver benefits that prioritize both safety and effectiveness.

Why Choose Ceres Medical Topicals?

Targeted Relief – Works directly on affected areas for fast-acting support.

Minimizes Side Effects – Unlike oral medications, topicals offer relief without widespread systemic impact.

Fewer Medication Interactions – A safe option for those managing multiple prescriptions.

Does Not Enter the Bloodstream – Primarily affects the skin and surrounding tissues for localized benefits.

Science-Backed & Thoughtfully Crafted – Developed with medical expertise and natural, high-quality ingredients.
